

ADVENTURES OF ROAMY

Social Media Content

Easy as 1-2-3! Upload the Roamy creative graphic into your social media channel of choice. Copy and paste the message below. Next, simply customize the call-to-action link at the bottom of the social post and you're good to go!

Copy and paste:

Look out below! Roamy is taking on the Aspen Highlands in Colorado, just in time to enjoy fresh powder from the latest winter storm. With their pair of polarized Unity® Via Wrap II Progressive Lenses, Roamy's got a crystal-clear view of the moguls, trees, and everything in-between. Finished off with a TechShield® Elite anti-reflective coating, these suns are extra-durable and glare-free to combat potential eyestrain from the snow-white terrain. Schussing down the slopes has never been so glorious!

Where did you go on your last skiing or snowboarding trip?
